

We are pleased to inform you that both Depositories — CDSL and NSDL — in coordination with SEBI, have upgraded their respective investor **mobile applications** to enhance investor awareness, transparency, and ease of access to securities-holding information. [[COMP72767 | PDF](#)]

These enhanced applications now provide a consolidated bird's-eye view of your securities across both Depositories along with improved access to key market information.

Below are the key features of the CDSL & NSDL Investor **Mobile Applications**, as outlined in the circular:

- Consolidated view of Holdings across CDSL and NSDL, eliminating the need for multiple logins.
- Transaction and holding statements available in one place, simplifying portfolio management.
- Ability to monitor open positions and margin details across Stock Exchanges and Clearing Corporations.
- Facility to exercise e-voting on company resolutions directly through the app.
- Access to proxy adviser recommendations on resolutions for informed decision-making.

### Download the Official Apps:

#### CDSL – MyEasi App

- Apple App Store: [Link](#)
- Google Play Store: [Link](#)

#### NSDL – SPEED-e App

- Apple App Store: [Link](#)
- Google Play Store: [Link](#)

### Stay Informed & Empowered:

We encourage you to download and actively use these applications to conveniently access consolidated information related to your demat holdings and market positions.
